# Ultimate Insulated Inner Hive Cover

*Simply Better*  
BEEKEEPING PRODUCTS

Discover the Ultimate Inner Cover with features and benefits to meet the needs of any beekeeper. Patent Pending R-10 Insulation System keeps hives cooler in the Summer and warmer in the Winter for a more controlled and natural environment.

Reduces energy demand for healthier and happier bees that produce more honey and over winter more successfully. Multiple wintering entrance options to fit any apiary need. Part of a complete modular/component system of beekeeping products.

**8-Frame/10-Frame Compatible**

Made in USA with recycled materials. - Patent pending.
